Meeting Minutes – July 2026

Mark Taylor made a motion to approve the July 2026 meeting minutes as written. The motion was seconded by Laury Ward. The motion carried, unanimously.

Financial Report – June 2026

Erin Shawkey reviewed the June 2026 Financial Reports. Income includes interest earnings, SHMR admin fees, and the restaurant equipment lease. The only expense in June is the equipment depreciation. Restricted In/Out is the monthly Lucky Hare Bar & Grill passthrough lease entries. The annual payment will be sent to the county in September, at their request. The balance sheet bottom line shows a decrease in total liability/equity due to the aging-out of leases, as they will continue to do until new leases are put in place; however, cash balances show an increase of around \$26,000 since this time last year.

Laury Ward made a motion to accept the June 2026 financial reports. The motion was seconded by Carl Blowers. The motion carried, unanimously.

New Business

CEO Annual Review

Please complete the Annual CEO Review form and send it to Mark Taylor, Governance Committee Chair, **by September 1st**. Mark will compile all the information into one, summarized form; that the Governance Committee will review with Judy and address any action items. Once the committee approves the final review, the report will be provided to Jon Beckman, Chair of SCOPED’s Board of Directors.

Michell will send Mark's email out to the Board, as well as resend the electronic, fillable PDF form.

2027 Board Vacancies

After review, Chad Hendrickson is eligible for one more term; however, Laury Ward will be terming out on December 31st. Additionally, Carl Blowers' term will also expire at the end of December, but his vacant seat will be filled with the new Chairman of the Schuyler County Legislature.

We will have two vacant positions for 2027 – one that remains open from the last year, as well as Laury's seat. We were able to meet last year's financial acumen need with Erin Shawkey, but we still need someone with a housing background. Laury's specialty is Tourism and Marketing. Workforce development is also an emerging need. Quality candidates should have significant business experience, and an understanding of governance, state government, and capital stacks. The Board asked each other to think of someone they feel would be a good candidate for this role and encourage them to apply. When making candidate selection(s), the Board is committed to (1) not selecting anyone who may be self-dealing and (2) meets the Schuyler County residency requirements.

We will post the vacancy notice in September. The notice is required to run for three weeks. Once the deadline has been met, all submitted applications will be compiled and sent to the Board for review/discussion and the selected candidate(s) information will be sent to the county for legislative vote. Discussion was held on the timing of the new County legislature appointments and final approval of our candidate. We will submit our choice(s) by December; however, will not have an approved candidate before Jan. 2027, when the new legislative body votes.

ONGOING BUSINESS

Haentges Holdings, LLC Mixed Use Project - Update:

As a reminder, this is one of the Montour Falls New York Forward projects. The IDA approved a PILOT for the mixed-use dental office/apartments last year. Both the State and Judy have been pushing to get this project moving forward. The owner notified Judy that this is with the underwriters now; she suspects this should close within the next eight weeks.

As an FYI: The State also took another look at John Franzese's Montour Falls NYFWD project (four townhouses on the old Shepard Niles site). When the original NYFWD lines were drawn, the dividing line was erroneously in the center of this parcel, with half of the property sitting within the acceptable lines. As a result, the state has approved this project, which will technically be on Owego Street.

Additional FYI: The Stillman's project did not do a PILOT because, after running the numbers, it just didn't make sense for them to.

Camp Monterey – Update: LaBella Wastewater and Buildings Conditions Assessment

Wendy is working on the reimbursement contract with the State. There was an issue on the state side of the process (concern about a couple of the dilapidated buildings) but that's now resolved. We hope to receive the contract soon. LaBella is aware of the delay and has confirmed that they will honor their quoted price.

Judy noted that she showed the site today to an international manufacturing company. They did have a concern that Schuyler may not have enough electrical and chemical engineers. Judy did inform them about Cornell and RIT and will follow up with additional recruiting resources. They said they would be back in touch.

As an FYI: During the site visit, the DEC showed up thinking Judy was trespassing. They asked for more cameras to be installed and stated that they have arrested people who have trespassed inside. Additional damage has been done in the last four months. We will install additional security measures at the site.

Seneca Harbor Marina Restaurant Lease Extension –

As requested at the July Board of Directors meeting, LHBC is requesting an extension to the current lease, to recapture the first summer they were unable to open for. The lease was planned to be granted in January 2024

but, due to circumstances outside of their control, they didn't gain access to the site until May. Additional delays in obtaining their license delayed their opening, again due to circumstances beyond their control. They opened in late August/early September but lost their first full summer season due to the 8-month delay. The Board confirmed that we have a precedent to do this, as two extensions were granted to the previous leaseholder (one extending to the end of the summer and an additional extension to November, as they had requested).

The Board directed Judy to contact the attorney to request a resolution be developed, to extend the current lease by 8 months, to compensate Lucky Hare for their lost time. The equipment lease will also be extended for the same term. This change is to the current, active lease. The additional two (2) one-year (optional) lease extensions will still be available, should the Board decide to grant those at the end of this current extension.

Discussion was held on the building conditions. Originally built as a seasonal bait shop, the building is not designed for the current use. The roof is coming apart, there is an issue with the external grease trap pipes freezing in the colder temperatures, and the cooler is not sufficient for their needs (it freezes in the winter and is too hot in the summer). They're currently storing their items at their production facility. Buildings & Grounds are aware of the issues and staff does try to help fix the issues as they arise. The Supervisor has shared that the building needs an entirely new roof; however, can't be installed on the current structure. A new building is needed but the County is not in a place to make that investment. They will remain patching the issues as best as they can until a better solution can be identified. The County would like to grant a long-term lease to an investor that is willing to invest in building a new high-end restaurant/hotel on the waterfront. The IDA noted that there has been interest from investors but having to deal with three government agencies scared them away. Shawn will ask the Buildings & Ground crew if there is anything they can do to help fix the compressor issue.

SCIDA & Schuyler County Master Lease Extension –

As requested by Terry Stewart and Beren Argetsinger at the July Board of Directors meeting, they would like the master lease extended so they can begin their discussions regarding subleases/sales. The IDA does not have the power to extend the county lease. Currently, the County and IDA agreement, and all subleases under it, will expire in 2033. The State and the County have an active 50-year master lease that will expire at the same time. The State/County lease would need to be extended before the County and IDA could consider extending their agreement. The attorneys are working through this now.

Judy handed out a breakdown of the last five years' lease payments, including the totals that the county received (95%), what the IDA received (5%), and the expenses the IDA has incurred to maintain the leases. Over a five-year period (2021 to 2026), the County has received \$625,342.35. While the IDA received 5% of the leases, \$33,060.07, their expense to manage the leases was \$83,247.19, resulting in a total five-year loss of \$50,187.12. This is neither favorable nor sustainable for the IDA. It would be in the IDA's best interest to consider changing the lease terms at renewal.

Additionally, a review of the subleases should be completed before granting any additional leases, as the current leases are very low cost. A review of other public waterfronts should be completed to determine best practices and average costs. The IDA should also consider getting an appraisal of the docks to know the actual value of having them. However, the cost of appraisal is very high and the \$33,000 over five years won't cover it. Shawn Rosno noted that the state could decide not to renew their lease with the county to do something themselves. **If** the State/County master lease is renewed, what would the IDA consider to be favorable terms? This would need to be thought over, precedents need to be reviewed, etc. The IDA could play more of a role as the landlord; however, the county already has the staff to be able to do the repairs. The IDA could exit the agreement at the end of the lease if a suitable agreement can't be made. Be thinking about this now but know that the new agreement won't come until at least 2029, which could be an entirely new legislative body with their own ideas and goals.

Public Hearing – Adding Childcare Details to UTEP -

As an FYI: The Public Hearing to add the childcare information to the UTEP is scheduled for **Wednesday, September 9, 2026, at 4:00 pm**, directly before our September Board of Directors meeting.

A.B.O./PAAA-

We will submit our approved 2027 budget to PARIS by October 31, 2026.

Just an FYI: The Ithaca Area Development Association was notified by the ABO that they are a public, not private, organization. Judy recommended that they diversify their revenue stream. Contracts for services can help to balance out their funding.
